Would that we could all go on with such fervor right to the end.

Then again, I suppose some day we'll (god(s) willing) be old and decrepit and listening to the same stuff we listen to today, and the young people around us will find it old-fashioned, even if it is punk or darkwave or industrial or whatever. ("Daaad, will you stop playing that Combichrist album? I want to listen to some *real* music!")
